P231/20 TPO Made: It was noted that no TPO orders had been made.

P232/20 Liss Neighbourhood Development Plan Monitoring: It was noted that there were no updates.

P233/20 Any Other Business

P233.1 Provision of a SANG on Land West of Rotherbank Farm Lane:

A member of the public addressed the committee requesting any updates on items addressed in the Planning Committee held on 18th December 2019 – principally the progress of SDNPA management of SANG lands and details behind Hilliers proposed phased-release of SANG land. Cllr Budden apologised that there were not any updates as yet.

ACTION: Cllr Budden to confirm details

A member of the public noted that the minutes from 10th December 2019 P193/19.6 should read ‘license’ not ‘rent’: “This ‘spare capacity’ could allow Hillier’s to **license** the land to future developers for SANG provisions.”

P233.2 Andlers Ash Development:

A member of the public questioned if the development should be proceeding, with above the ground build, when the management plan for the SANG provision on Land West of Rotherbank Farm Lane was not in place. He noted concern at the conditions on the roads surrounding the new development noting a large amount of mud and water could be seen coming off site creating a risk to road users.

ACTION: Cllr Budden to notify the Planning Officer

P233.3 SDNPA National Park Plan:

Cllr Budden informed the committee of an SDNPA meeting he had attended noting that the SDNPA were keen for feedback on their National Park Plan (NPP): what’s working/not working and potential problems. Their aim is to boost ecosystem services with developments required to enhance the environment of the national park: small householder planning applications would be encouraged to include a bird/bat box; medium planning applications (2-10 dwellings) would need to include rain gardens; large planning applications would have to evidence a biodiversity net gain as defined by DEFRA. He also noted that every new house would require an electrical vehicle charging point. Supplementary planning document would be released later in 2020 and include guidance on the 30% rule - which applies to houses with

1-3 bedrooms but houses with 4+ bedrooms would need to be looked at according to their merit.

There being no other business, the Chairman then closed the meeting.

The meeting was closed at 20.25.
